VALENTINE’S DAY

An idea that developed at Sisters Incorporated in February 2016 became a reality this past Valentine’s Day and we are extremely grateful to Lorna Johnson, from Global Linkages, and the ladies (The Magnificent 7) from Destination: South Africa in the United States of America (USA). They all made it an incredibly special day, not just for the residents but also for the staff. They brought along all the decorations and goodies for the gift bags from the USA as well as the donations in kind.

It was indeed a pleasure to have these ladies here.

Lorna Johnson made it possible for us to show off and sell our handmade crafts at a market held at the Cape Sun Hotel, which was well supported by the bigger group. There was so much interest in the ethnic (cultural) runners made by Lorna Solomons and the residents that a further 12 orders were placed.

THANKS FROM RESIDENTS ...

A warm thank you for a wonderful meal and evening. Thank you for the wonderful gifts.
Warm regards
Charmaine

I would just like to say thank you for making this Valentine’s Day so special. I have never felt so much love as I do here by Sisters Incorporated and from people who really care. I had a lovely time and I will treasure the memory of this. Thank you

Dominique and kids

LADIES GATHERING

Heartfelt thanks to the Oak Tree Ladies for inviting our residents to a special lunch where they were encouraged by guest speakers.
